

Pure Energy Plus Super Placement Points

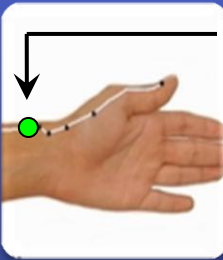

Small Intestine 3 (SI3)
RIGHT HAND

Location: With a loosely clenched fist, where small finger points toward crease on blade edge of hand

Lung 7 (Lu7) *LEFT ARM*

Location: 1.5 cun (or two fingers) above crease on top inside of wrist, along radius (or bone that extends from thumb to elbow)

Conception Vessel 6 (CV6)

Location: 1.5 cun (or two fingers) below navel along centerline of the abdomen

Small Intestine 3 (SI3) activates the Governing Vessel and super charges the entire spine and nervous system.

Lung 7 (Lu7) controls the Conception Vessel along the front of the body and increases the lung capacity and shoulder/upper arm strength.

When SI3 is combined with Lu7 it creates a supercharged circular energetic pattern called the “micro-cosmic orbit of energy” by connecting the Governing and Conception Vessels with a continuous flow of powerful energy.

Noted results of this combination include better balance, more strength and stamina, more productive breathing, increased endurance, mental focus, higher concentration levels and an overall sense of well-being.

Conception Vessel 6 (CV6) is a reservoir or container for the energy circulating up the back of the spine and down the front of the body. CV6 can be added to SI3 and Lu7 to increase the circulation throughout the entire body, thus supplying you with subtle, natural intrinsic energy consistently throughout the day.
